Dear Parents

Thank you for considering Holy Family Catholic Primary School, Lindfield for enrolment of your child/ren.

Enrolment in a Catholic school is a commitment by parents to the ongoing faith development of the child/ren. At Holy Family Catholic School, we wish to support families in this very important role. Parents considering enrolling their child/ren at Holy Family are asked to examine their own faith development and their commitment to the communal and liturgical life of our Parish and school.

To assist you in enrolling your child/ren in our school please use the following procedures and familiarise yourself with the Enrolment Policy for Diocesan Systemic Schools located on our school website.

Enrolment preference is given, in order, to:

- Those children and families who are known and are involved members of our local Catholic community;
- The children of Catholic families who have expressed a commitment to support the life of the Catholic school in the parish of Lindfield Killara;
- The children of other Christian families who have expressed a commitment to support the life of the school, and
- The children of other non-Christian families who have expressed a commitment to support the life of the school.

The enrolment of siblings – “The enrolment of siblings is encouraged where there is a demonstrated commitment to support the life of the school and the parish.” It is noted though that the priority points reproduced above, may give rise to a situation where priority is given over the enrolment of a sibling. However, within each of the priority points, all things being equal, enrolment of a sibling would take precedence over a new child.

PROCEDURE FOR ENROLMENT

1. Please complete the “Application for Enrolment” form and return it to the school office. The following documentation is required for your application to be considered;
